MEDICAID has many “hats” (DSS Programs)

There has been some confusion. People have been on one of the Medicaid (Title 19) programs and thought they were getting all the benefits they qualified for, but they were not.

Medicaid has programs if you need help paying for or need information on:

- Nursing Home room & board
- Residential Care Facilities room & board (select facilities)
- Rent Assistance
- Home Care Services
- Medical Bills
- Health Insurance
- Prescriptions
- Medicare Premiums (under the Medicare Savings Program)

THINGS TO KNOW:

- The Medicare Savings Program is administered through the State Medicaid Office. There are three Medicare Savings Programs offered in Connecticut.
- Department of Social Services (DSS) has a General Application Form W-1E. You may use this application to apply for SNAP benefits, cash and certain types of medical assistance. This form can be completed online at www.connect.ct.gov.
- Completion of an application for a specific Medicare Waiver Program will not guarantee access to all Medicaid Programs and benefits. You may be entitled to additional services.
- Recertification for the programs you are currently using may be required every 6-12 months. The recertification paperwork will be mailed to you. Failure to recertify can result in the loss of the benefits.
